

The midpage package*

Author: Peter Wilson, Herries Press

Maintainer: Will Robertson†

2009/09/03

Provides a midpage environment for vertical centering.

Example use:

```
\clearpage
\begin{midpage}
  Vertically Centered Title
\end{midpage}
\clearpage
```

Change history:

v1.1a – New maintainer (Will Robertson)

*This manual corresponds to midpage v1.1a, dated 2009/09/03.
